
CULT OF PINK EYE

THE MANIFESTO

Introduction

Are you tired of living in the dark? Since the inception of man, we've been treading the same questions again and again. Who created that first spark of life? Where do we go after we die? And why does anything exist in the first place? For millennia, we have scrutinised our pitiful lives in the hopes of finding some morsel of meaning to satisfy this deep hunger. Thousands upon thousands of religious establishments have sprung up and collapsed, each one claiming to be the one true path to divine knowledge.

With that in mind, let me propose to you THE CULT OF PINK EYE, the only one true path to divine knowledge.

Hey now, I've heard this schtick before, whats do you gots that my local Sunday service don't?

Didn't you see me predict a bunch of celebrity deaths? What's Jesus done recently except delineate himself onto a piece of burnt toast? You want miracles, we got them right here baby.

What is the main tenet of your cult?

Like every other decent cult throughout history, we believe that the day of judgement will come very soon - the difference is we're right. I will not reveal the date just yet, but let it be known that on the eve of this terrible night, we're going to have a bangin party. You won't want to do judgement day sober.

This isn't one of them suicide cults is it?

Don't worry, at PINK EYE 👁️ we are very progressive, and believe firmly that the archaic traditions of the past just aren't compatible with a trendy 21st century cultist. There will be no suicide pacts or child

sacrifices. Our motto is “out with the old, in with the new” - goodbye genital mutilation, hello dress-down fridays.

But what about the ruthless animalistic group sex?
Although we decry the problematic practices of past cults, we still recognise the value of tradition. The bad practices we discard, but the good ones we keep. You’ll still get your fix of ritualistic orgies, don’t you worry!

How do I sign up?
